1. Subsidized Usage School Report

The *Subsidized Usage School Report (SCHSB1)* is available to schools upon request under the Report Tab on the NSLDS Professional Access Web site. This extract report provides school users with a list of student borrowers who have Direct Stafford Subsidized (SULA Eligible) (D0) loans, currently in attendance at the location of the user requesting the report. This report includes information about a borrower's total subsidized usage, as well as the borrower's loan-level subsidized usage. The report also includes the borrower's program enrollment information.

The record layouts below contain the data element name, position, description, field format, and field length as they will appear on the extract. The file is sent as a fixed-width extract and delivered under message class SUBRPTOP to the SAIG mailbox of the requesting user.

*The OPEID is the combination of the 6 digit school code and the 2 digit school location code. If a school has more than 99 locations, the first digit of the OPEID is then incremented to 1. If the school has more than 199 locations, the first digit is then incremented to 2, and so forth. For example, location 00 = 06789900, location 101 = 16789901, location 202 = 26789902.
